ACKNOWLEDGED AT LAST.

The News, more candid than its neighbor the Tribune, acknowledges in its Sunday morning's issue that the Silver party expended to date in Ormsby county \$94,109.87.

This is the first time the Republicans have been cornered into making this admission. The disbursements are up to October 1st. The Recorder's book show that the disbursements for a corresponding period was \$125,746.90 under a Republican administration making a difference of \$31,637.09, in favor of the Silver party.

Now this balance in favor of the Silver party is more than belongs to it because the News' figures are wrong as nearly all of its figures have been.

The real balance in favor of the Silver party is \$10,432.91. It is not necessary for us to take advantage of our contemporaries blunders which may have resulted from a careless inspection of the county books or typographical errors.

We are willing to stick by the showing of \$10,432 in two years. The taxpayers ought to be satisfied from this showing that we have kept our pledge to the people of Ormsby to cut down the reckless and criminal extravagance that characterized the reign of the old Republican ring prior to 1893.

The county of Ormsby according to the News owes \$4,143.39. We admit that to be true.

According to the News the receipts for gaming licenses have been \$10,233.59 less during the silver administration than the Republican.

Then the News witness asks, why are we on a script basis. With over \$10,000 less receipts in two years than our predecessors we owe but \$4,563. Had we spent as much as our predecessors we would have owed nearly \$25,000 at the present time. The taxpayers made no mistake when they elected the Silver ticket two years ago.

George Mills, the beautiful blond nominee for Senator, will need a beauty sleep after election.

The Silver party asks the voters to elect its ticket because it has kept its pledge of economy to the people of Ormsby.

NOTICE OF FORECLOSURE SALE.

Sheriff's Sale.

Richard Kirmen, Sheriff, and C. M. Schulz, Collector of State and County of foreclosure.

Under seal of state of a recorder of state and foreclosed, sealed, issued out of the District Court of the State of Nevada, bounded for the county of Ormsby, under seal with day of May 1894, in the above entitled action, wherein Richard Kirmen, the above named plaintiff obtained judgment and decree of foreclosure and sale against C. M. Schulz, defendant, on the 26th day of May 1894, in the amount of \$24,511.00 and the Silver reform officers collected from licensee the sum of \$24,511.00 and the Silver reform officers for the same length of time in 1893 and '94 collected \$14,575.25 or \$10,233.59 less than was collected by the Republican officers.

Why a newspaper should put question to us which it already answers in the same issue, is beyond our understanding. It looks as if the paper had too many editors, for the two paragraphs when printed in connection with each other, make the best campaign document for the Silver men that has yet appeared in Ormsby county.

Public notice is hereby given that on Monday the 1st day of November A. D. 1894, at 11 o'clock A. M. of that day at C. M. Schulz's ranch on Clear Creek, in the county of Ormsby, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest, costs, etc., to the highest and best bidder for cold cash of the United States.

Dated October 3rd, 1894,
Wm. KIRKBY, Sheriff.

THE RECORD VERIFIED.

AN OFFICIAL ENDORSEMENT FROM THE COUNTY AUDITOR.

The Following Speaks for Itself, and Needs No Further Comment.

Carson Nov. 4, 1894.

S. P. Davis, Esq.

Dear Sir:

In reply to your note of this date, permit me to say that the proof sent me, has been compared with the original figures, and are correct in every particular. The saving to date by the Silver party over the Republicans is \$17,000.80.

Respectfully,

J. G. ELLIS.

Play We Kept Faith?

The following was the platform of 1892 on which the Silver party of Ormsby county were before the people:

Believing that absolute secrecy and purity of the ballot box are essential to the proper exercise of free suffrage, our legislative nominees are hereby pledged to oppose any attempt to repeal or destroy the effect of the Australian ballot law.

The nominees of our party are pledged to the economic administration of County affairs, the impartial administration of justice in our County Court, the equitable levy of taxes and an obedience to the law in the letting of County contracts.

We further recognize in Francis G. Newland a man perfectly competent to represent Nevada in the House of Representatives where his presence is urgently demanded at this time to protect the moral interests of our State, and we hereby pledge him our earnest and united support.

This platform was a winning card. It is for the people to judge whether the pledges have been kept or not.

The silver men have reduced county expenses \$20,000.

The silver men have abolished the letting of county contracts to County Commissioners and the District Court has confirmed the work.

As to an equitable levy of taxes, the party has had no opportunity to demonstrate what it can do in that direction. It will have after Jan. 1st.

A Question And an Answer.

The News puts the following question:

If the Silver party has reduced the expenses of the county \$20,000 how is it that the county has been running on script since May 19? At the present time there are unpaid claims against the county amounting to \$4,563.33.

If the News will turn to its editorial columns of the same issue, it will find the answer as follows:

From Jan. 1, 1891 to Oct. 1, 1894, the Republican officers collected from licensee the sum of \$24,511.00 and the Silver reform officers for the same length of time in 1893 and '94 collected \$14,575.25 or \$10,233.59 less than was collected by the Republican officers.

Why a newspaper should put question to us which it already answers in the same issue, is beyond our understanding. It looks as if the paper had too many editors, for the two paragraphs when printed in connection with each other, make the best campaign document for the Silver men that has yet appeared in Ormsby county.

I am commanded to sell the following personal property described as follows: 4 horses and mares; 1 mule, all mounted on left shoulder than C. M. Schulz's ranch on Clear Creek, in the county of Ormsby, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest, costs, etc., to the highest and best bidder for cold cash of the United States.

Dated October 3rd, 1894,
Wm. KIRKBY, Sheriff.

The Scrip Basis.

The Republican organs lay great stress on the fact that Ormsby county is run on a scrip basis and asks why it is. Simply because the sources of revenue, by reason of hard times, have been curtailed during the past two years. The figures proving this are very simple.

In 1891 there was an income of over \$1000 a month for gaming license alone. This represents the difference in the receipts of the two administrations, being over \$10,000.

The Reason.

If the Silver party saved Ormsby county \$20,000, why did they raise the tax levy for county purposes the present year twenty cents higher than it was in 1892, thereby collecting from the present R.R. over three thousand dollars more for county purposes than the levy of 1892. News.

Only a very simple person would ask such a question.

The outgoing Republican Board lowered the rate so that the silver men would have to raise it again. The Republicans are up to all these little tricks, of pot house politics.

The V. & T. R. R. Co., claims that it should have a very material hand in running Ormsby county because it pays a large proportion of its taxes.

This being the case the saving of \$10,000 a year by the Silver party of Nevada ought to give it a great deal of satisfaction. It has saved the railroad company more than anybody else. But with the singular perversity of that peculiar corporation it is fighting hard to defeat the silver ticket.

After the crushing defeat the Republican party met in this county two years ago, it revenged itself on the voters by reckless expenditures. It has raked a county treasury of over \$38,000 and then reduced the tax levy so that their successors would have less money to run the county on. This was eminently characteristic of the Republican of the Republican party of Ormsby and in keeping with all their public work for years past.

The Republicans have begun their policy-gang tactics by circulating sheets of ex parte about the ways the silver men are indulging in. This is their idea of politics. The best way to elect a ticket is to have a good ticket with a principle behind it.

Ten thousand dollars a year is worth saving. It averages more than ten dollars a year to every taxpayer in Ormsby county.
